

Dear BOTSFA members.

I have been thinking a lot the last week about if the current COVID-19 outbreak and progression is of the character that it would be wise to delay the AGM and have consulted the Board.

The Board has concluded that:

**The BOTSFA AGM must be postponed.
No meeting on 2020-03-21 in Bromma.**

The board will be back with further details as soon as they are available.

The background of the decision is:

- The authorities are not fully clear on meetings, but our gathering is distinctly < 500 participants, which is the rule today. But we can anticipate more strict rules to come.
- The age of quite some of our members is in the high-risk bracket, where the COVID-19 is hitting hard.
- Our responsibility is to the health/welfare of our members, and to the support of the society efforts to contain the COVID-19 disease.

The BOTSFA constitution is of no importance in this case.

Best regards.

Nelly Kabomo-Hogård
BOTSFA Chairperson
